Due to a Covid exposure at LOGOS on Wednesday, October 27, the LOGOS Board has decided to cancel LOGOS this week (November 3) to ensure the safety of everyone. LOGOS will resume next week on November 10 as scheduled. We will change the theme to the Shoebox them and skip the God Bless America theme. Each table family at LOGOS will be filling 2 boxes for Operation Christmas Child. Please send in items for a boy and/or girl ages 5 to 9. The menu will be: Peanut Butter and Jelly, Chips, String Cheese, and Dessert.

Everyone that is known to have been in contact with the Covid positive people at LOGOS has been contacted so that they may get tested. If anyone in the congregation has concerns about whether or not they were exposed, please contact Margaret Robateau @ 304-840-5528.

The entire congregation is invited to participate again this year with the filling of shoeboxes. A goal page for our church can be reached by going to http://www.fpcwv.org , select the "Missions" tab, select "International Missions" and you will find a click on the "Build a Box" button to be taken to our goal page where you can build your own box online. The cost for building an online shoebox is $25 per box which includes everything in the box and the shipping fee. If you would prefer to build your own box and include it with the boxes the children are building you will find empty boxes at the church. Please include $9 per box for shipping. All shoeboxes will be dedicated on the final collection day, Sunday, November 21, 2021. We are hoping to collect 100 boxes this year.

Information about what to put in or leave out of a shoebox is at the end of this email.

We will miss everyone at LOGOS this week but look forward to being together next week when we build shoeboxes for those in need.

Blessings,

Margaret Robateau

FPC Director of Children's Ministry - Programs
